Electrical Needs Worksheet for Hub City Hog Fest

Booth Name: _____

Hub City Hog Fest makes arrangements for electricity based on the needs of individual vendors. For this reason, **please complete this form very carefully.** We will only be prepared to handle the voltage and amperage you have indicated on this form.

Reminder: If you plan to stay open past sundown you will need power for lights in your booth.

1. Please list the types of electrical items you will be using (i.e. lights, cash registers, etc)
2. Look at the nameplate rating located on the back of each piece of equipment that you will be using at the festival to determine the wattage and amperage. **We must have your correct voltage, amperage, and wattage specifications.**
3. All services must be converted to amps. *If the amperage is not included on your equipment, use the following formula. **THIS IS JUST AN EXAMPLE PLEASE FIND YOUR CORRECT WATTS/VOLTS!**

Example:	1 Strand of LED lights	960 watts / 120 volts = 8 amps
	2 Strands of LED lights	1920 watts / 120 volts = 16 amps

Electrical Needs List

NO POWER STRIPS

Receptacle	Electrical Equipment	Quantity	Watts	Volts	Amps	Fee
